Our Mission at Community Connections Center

The Center's mission is to help support students and their families to be healthy, safe and productive members of the Endicott Community. We use a solution focused, strengths based and youth friendly approach.

"CCC" offers a variety of services and programs to youth and/or their families of the Union Endicott School District.

The current services provided will be based on the needs of the individual seeking support.

Future services will be developed based on the needs of our community.

How Can "CCC" Help Me?

I am a **Student** and I am struggling at school or at home and feel I have no where to turn...

I am a **Parent** of a UE student and need help...

My **Agency or Business** offers services to youth and families and I want to collaborate with the Community Connections Center...

I am a **School Personnel** in Union-Endicott, and I want to refer a student or find out more about "CCC"...

I have an **Idea or Suggestion** for "CCC" about future services or programming...
