

JFS Physical Education

Long Term Medical and Home Teaching Assignments:

NAME _____

P.E. TEACHER: Howell Machalek Walter

(circle your teacher)

PE Period _____ odd even

(circle odd or even day)

DIRECTIONS: For each Marking Period there are fitness and health questions assigned. Find a 1-2 page article(s) on each topic or relating to each question, read it thoroughly and review it.

Complete one graphic organizer and article summary for each article. The graphic organizer should include the 3 main ideas of the article along with evidence that supports these main ideas. Once you have completed the graphic organizer you should include a summary of the article. The summary should include information about the main ideas as well as supporting details.

Use your graphic organizers and article summaries to write a 2+ page paper relating to question listed for the coinciding marking period.

Your work will be graded using the rubric provided.

Summary	Explanation	Presentation	Graphic Organizer
4. Summary is complete and thorough. All major parts of the article are included.	4. The explanation shows why the main idea relates to the article. Explanation exceeds the requirement and connects directly to the question.	4. Written information is presented in a neat and organized manner.	4. Chart is filled in completely, three valid main ideas are listed, supporting ideas prove the opinion stated in all three examples.
3. Summary is given is complete, but some information is lacking or unclear.	3. The explanation given is complete, but some information is lacking or unclear.	3. Written information in neat but lacks organization.	3. Chart is Complete, one main idea is inaccurate or one supporting idea does not completely prove the opinion.
2. Summary does not reflect the main idea of the article.	2. The explanation does not clearly state how the article relates to the question.	2. Written explanations are not presented in a neat and organized manner, and are difficult to read.	2. Chart is complete, two main ideas are inaccurate or two supporting ideas do not prove the opinion.
1. No summary is given.	1. No explanation is given.	1. No written information is given.	1. Chart is incomplete, no information given.
