

Layers of the Earth

Name _____

1. Color the layers of the Earth.
2. Cut out the words and paste them in the correct boxes.

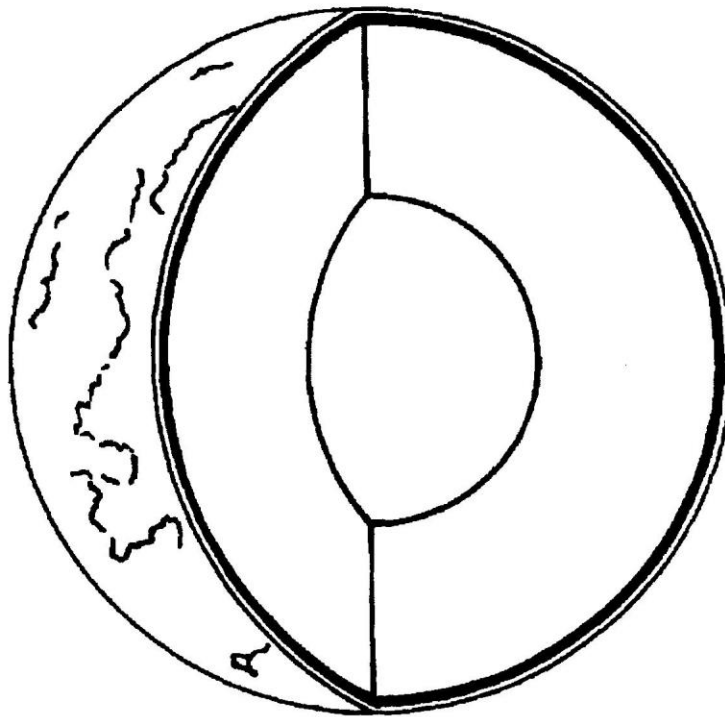

Crust

Mantle

Core

Earth Layers Worksheet

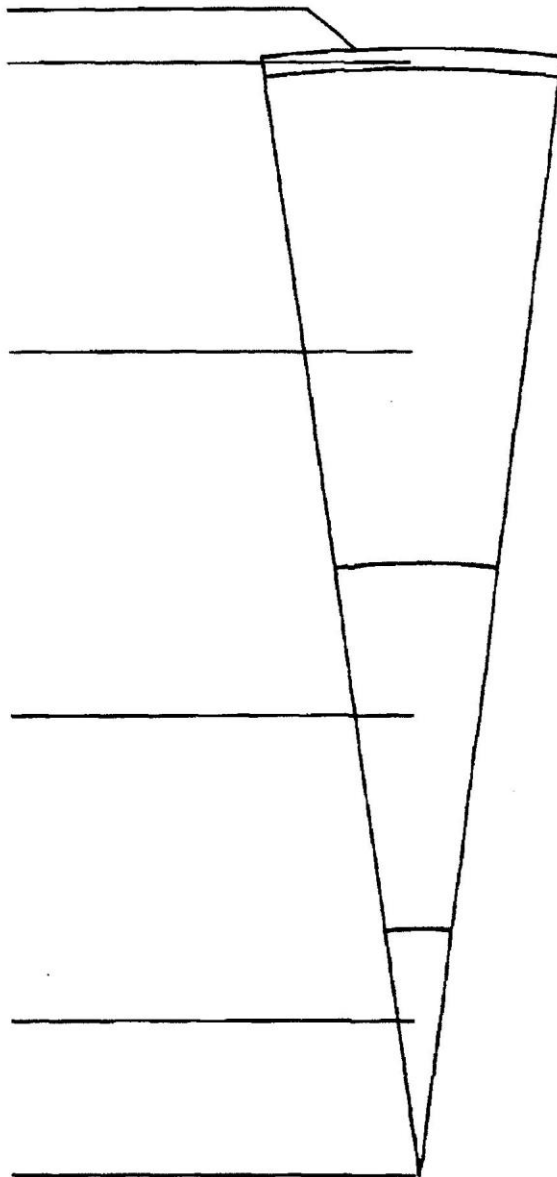

Name _____

1. Color the core red.
2. Color the mantle yellow.
3. Color the crust blue.
4. Put a brown line around the very hot layer.

A Pizza the Earth

Name _____

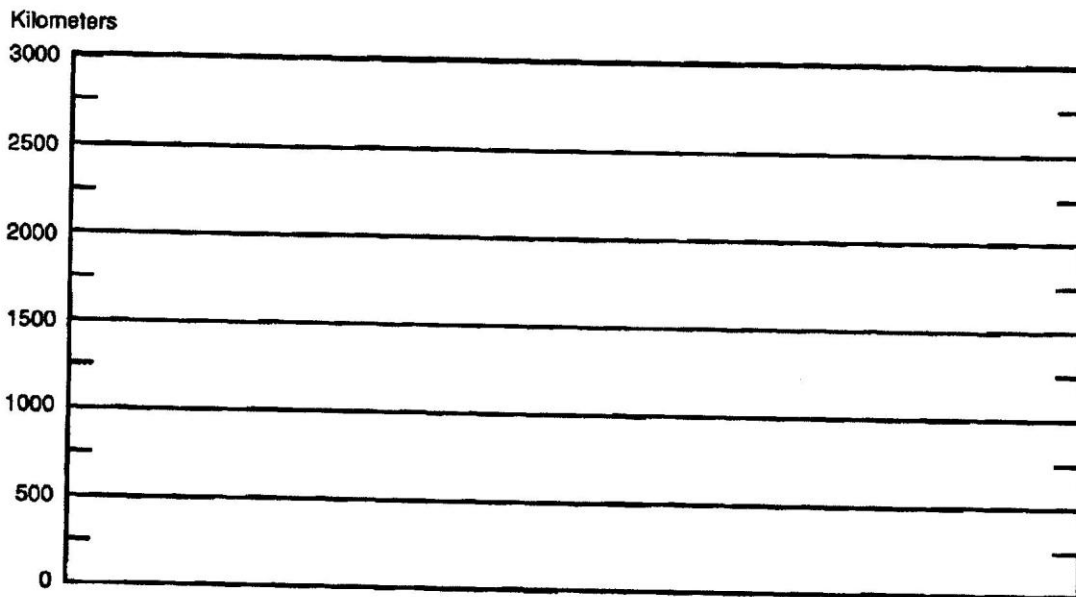

1. Label each layer.
2. Color each layer a different color.

Word Bank

- Outer Core
- Crust
- Mantle
- Lithosphere
- Inner Core
- Center of the Earth

Graph of the Earth Layers

Name _____

1. Use the following data to construct a bar graph of the thickness of the Earth's layers:

Layer	Thickness in Km
crust	40
lithosphere	100
mantle	2,900
outer core	2,000
inner core	1,400

2. Which layer of the Earth is the thickest?

3. Which layer of the Earth is the thinnest?

4. What is the total thickness of all the Earth's layers?
